Charter Bank Announces Major Gift to Quick Response Community Fund

Charter Bank is pleased to announce a \$25,000 donation to the Quick Response Community Fund. The grants awarded through this fund support nonprofits in their work to provide vital services for community members in need.

"A core value of Charter Bank is Community Partnership. We could think of no better way to stay true to our values during a time of need in our communities than to support this cause."

To You, our Charter Bank Customers...

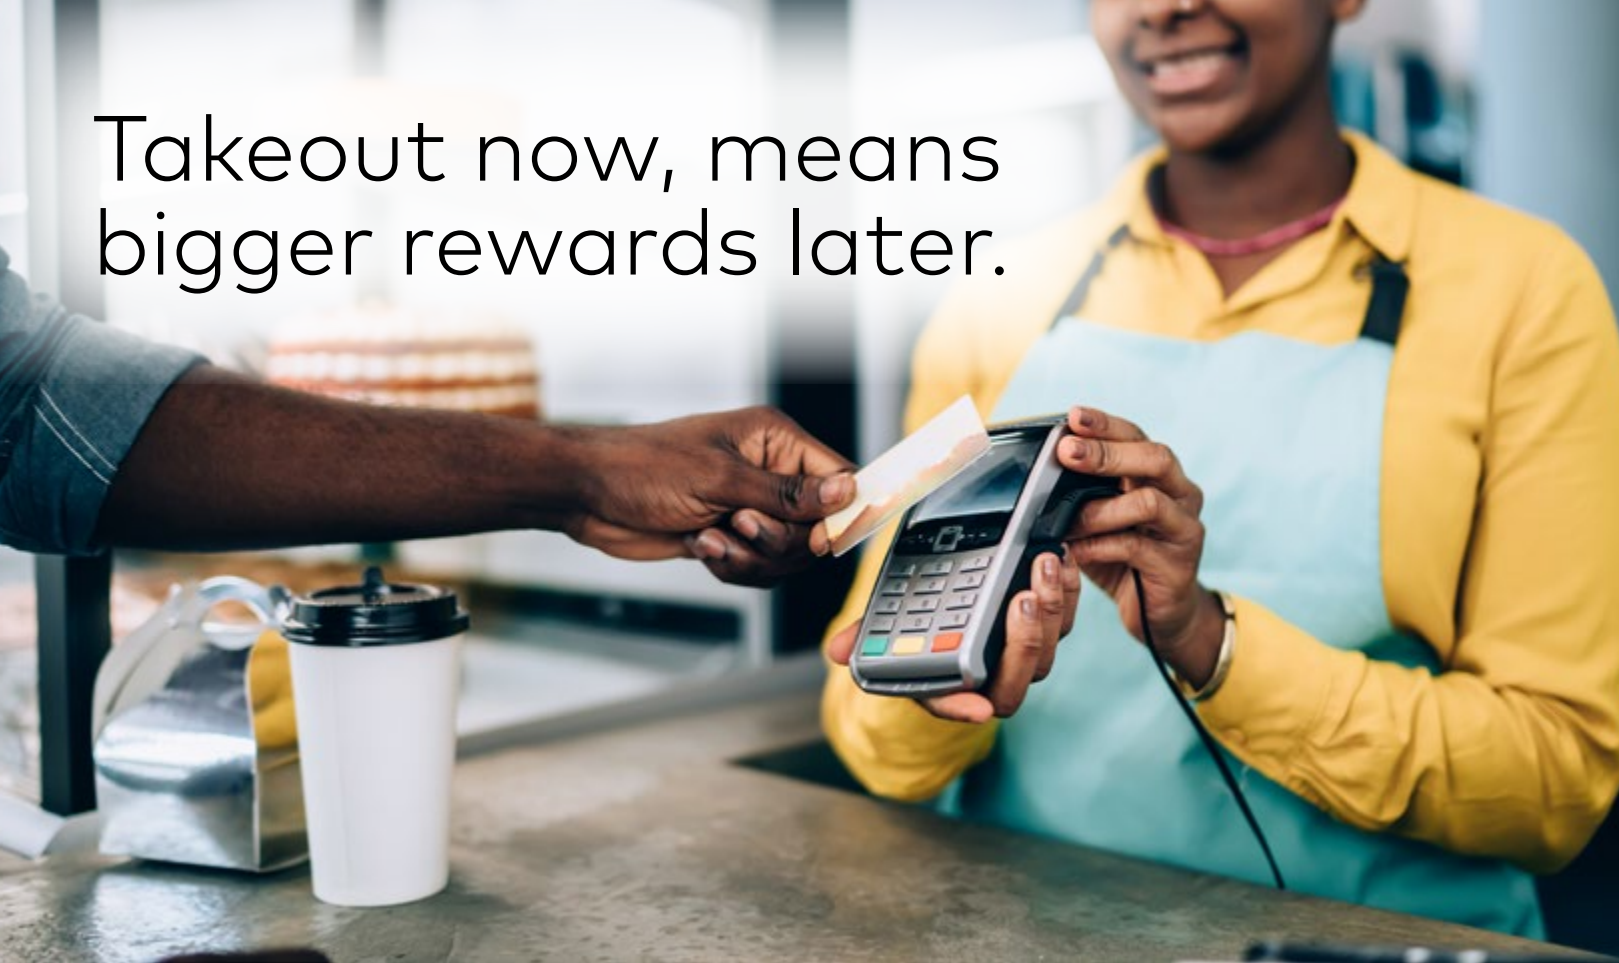

We always appreciate our Valued Customers. Unfortunately, we won't be able to host our annual Customer Appreciation Days this year as the health and safety of our customers, employees, and communities is our number one priority.

This is especially hard for us as we are celebrating our 40th year of investing in the community. We are however working on other ways to show our appreciation. Watch for details. We hope you know how much we appreciate you and wish you health and happiness.

This April We Celebrated Community Banking Month!

Community Banking Month

was established to recognize the unique spirit which makes community banks the foundation of their communities. Before large corporation banks were established, community banks opened to serve local residents and businesses, providing essential financial services that couldn't be found anywhere else. Today, there are more banking options than ever before, but local financial institutions provide a crucial role to the success and vibrancy of the communities they serve.

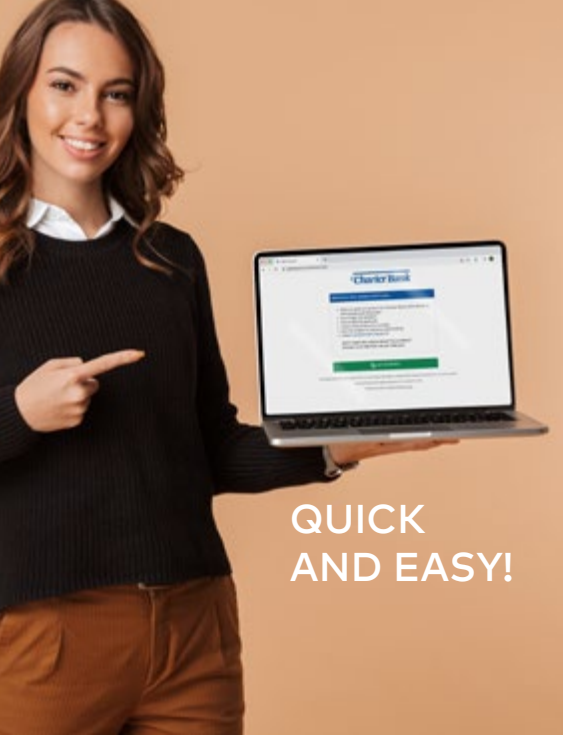

Charter Bank is dedicated to providing resources and volunteering time and talent to many area community organizations. Throughout the year, the bank sponsors many events and donates to local non-profit organizations. Our staff also participates on board of directors and committees. We're proud of the work and resources we invest in our communities and we are glad that you have chosen to be a valued Charter Bank customer.
